If you looking to take your writing skills to the next level, consider joining one of the VA’s most successful and productive public affairs team at Bedford VA. The public affairs team here at Bedford VA is a small, flexible group of professionals that value innovative ideas and out of the box thinking. As a Writing / Blogging intern, you will learn the fundamentals of operating in a medical center facility within a cabinet-level agency while reaching out to thousands of Veterans and their family members by writing about news and feature articles that communicate important information about compensation, health care, education and other benefits within the surrounding community.

At the Bedford VA, you’ll have plenty of work to both hone your skills and contribute to the team’s success. Apply today to join a team where your ideas will be explored and your opinions appreciated.

As a Writing / Blogging Intern your typical work assignments may include:
Writing news articles, feature articles, blogs, and other communication products, intended to inform Veterans, their family members and the public on matters affecting their daily lives from health care and insurance to monetary compensation and suicide prevention.
